

BEFORE THE OFFICE OF THE COMMISSIONER OF RAILROADS

STATE OF WISCONSIN

On the Commissioner's Own Motion for a Determination of the Adequacy of Warning Devices at the Grade Crossing of the Union Pacific Railroad Co. Tracks with Center Avenue (CTH 'AA') in the Village of Oostburg, Sheboygan County

9040-RX-1054

SECOND SUPPLEMENTAL ORDER

On June 4, 2003, the Office of the Commissioner of Railroads (OCR) issued an order that required the installation of 12" LED automatic flashing lights, gates, and constant warning time circuitry at the public crossing of the Union Pacific Railroad Co. (UP or railroad) tracks with Center Avenue (CTH 'AA') in the Village of Oostburg, Sheboygan County by December 31, 2004 (crossing no. 180 185D).

By letter dated February 11, 2005, the UP filed a request for an extension of time to June 30, 2005. The railroad is currently working on the installation but could not meet the original deadline due to weather conditions. The Commissioner finds the request to be reasonable.

THEREFORE, IT IS ORDERED,

1. That the **Union Pacific Railroad** shall install and maintain cantilevered 12" LED automatic flashing lights with gates, sidelights and constant warning time circuitry and other appropriate appurtenances in accordance with such plans as are filed with and approved by the Office of the Commissioner of Railroads at the crossing of its tracks with Center Avenue (CTH 'AA') at-grade in the Village of Oostburg, Sheboygan County by **June 30, 2005** (Crossing No. 180 185D).

2. That jurisdiction is retained.

Dated at Madison, Wisconsin, _____.

By the Office of the Commissioner of Railroads.

Rodney W. Kreunen
Commissioner of Railroads
